CHARLES E. TASKER,	} <i>Auditors.</i>
ALVAH H. PLACE,	

ANNUAL REPORT

OF THE

Chief and Clerk of Fire Department.

NEWMARKET, N. H., Feb. 15, 1904.

TO THE TOWN OF NEWMARKET:

In compliance with the law, requiring the Chief Engineer of the Fire Department to make an annual report to the town, the following report is respectfully submitted.

FORCE OF THE DEPARTMENT.

The regular force of the department consists of a chief and two assistant chief engineers, two hose companies of 16 men each, one hook and ladder company of 12 men, and a driver for hose wagon No. 3. Each company is allowed to have five substitute members, who, when acting as such, are paid for their services by their principals.

FIRE APPARATUS.

One hose wagon; one double runner hose pung; two two-wheel hose carts; one hook and ladder truck; 2450 feet 2½-inch rubber-lined, knit hose; 1000 feet 2-inch Paragon rubber-lined hose; nine flexible play pipes; two two-to-one Siamese connections; one one-to-two Siamese connection; four Callahan shut-off nozzles; four solid play pipes; three

chemical extinguishers; two single hydrant gates; 32 spanners; seven hydrant wrenches; eight lanterns; two torches; two crowbars; 12 shovels; five hoes; four fire axes; three coats; 18 fire hats.

The Gleason & Bailey steel frame truck carries one 45-foot East Somerville extension ladder; one 26-foot, one 25-foot, one 24-foot and one 18-foot single ladders; one pull-down hook and chain; four hand hooks; two crotch poles; two fire axes; two crowbars; two sledges; 200 feet of rope; four lanterns; one signal lamp; two torches; one 13-inch gong. There are also held in reserve two 30-foot, one 25-foot and three roof ladders.

The apparatus is generally in good condition, but the 1000 feet of Paragon hose is 13 years old, while 2000 feet of the rubber-lined knit hose is in its eleventh year of service, when it was only warranted for four years.

WATER SUPPLY.

The water supply is from 54 hydrants, which are now owned by the town. The water pressure is good and the hydrant system is all right, so far as it goes, but additional hydrants should be at once put in as follows: Two hydrants on Main street, between the end of the present system and residence of Frank Durell. Two hydrants have been put in during the year just past, one at Rockingham Junction, and one opposite the residence of Charles Leavitt on the Junction road. The hydrant opposite the Congregational church, also the one near the town hall, should be taken up and in their places should be installed hydrants with three openings instead of two as at present. The change would be of great benefit in case of a big fire in the business section of Main street, as it would give six streams where now there are only four hydrant openings. The hydrants taken out would be all right to put in at the end of the line leading to the residence of W. F. Durell, a change which would give some fire protection where now there is none.

FIRE ALARM SYSTEM.

One 2000 lb. bell, and striker; two 18-inch gongs; two 6-inch gongs; twelve fire alarm boxes; over seven miles of wire, and the proper battery to sustain same. The line was inspected in the fall and put in as good condition as possible for the winter. Some new poles were put in, boxes reset where needed, and lines straightened up. The fact that the system of alarm has always been found in working order when needed, is a great source of satisfaction to the Board of Engineers, the superintendent of battery, the firemen and citizens in general.

REPAIRS AND IMPROVEMENTS.

During the heavy snows of the past winter, the hose pump has been put in commission in place of the hose wagon, which was taken off for needed repairs, such as putting in stronger bed on rear axle, reinforcing the springs, and general repairs.

Some new fire coats have been purchased in place of some now in stock, which are unfit for duty, and past repair.

New quick fastenings have been put on the doors at Station One and ladders and equipments put in good repair.

IN GENERAL.

The clerk's report shows that the fire duty and property loss previous to January 23th was very light, but owing to the extreme cold weather of the first two months of the year 1904, fires have been forced and as a result the last four weeks in the fiscal year show more than double the loss of the others combined.

The promptness in responding to alarms and the cheerful manner in which our firemen attend to their duties at fires, leave little to be desired by those in command. Every man seems to realize that he is reinforced by the full power of the local waterworks system, which has never failed us within the limit of its area.

ALBERT T. STACKPOLE.

Chief Engineer.

FIRE LOSSES AND INSURANCE.

Total number of fire alarms during the past year, eight; number of still alarms, two. The total amount of loss was \$1,706.50. Amount of insurance paid on account of property damaged or destroyed by fire, \$1,506.50.

FIRE RECORD.

Statement of details of fires and alarms, losses and insurance, as reported to the Clerk of the Board of Engineers by property owners and insurance agents.

March 19, 1903. At 3 P. M. an engineers' call came in for what was reported as a bad brush fire near the residence of Mr. Charles H. Leavitt. Asst. Place, with a crew of firemen, started with a team for the fire, but found on arrival that it was under control, with no buildings in danger. Recall at 3.35.

April 27. At 5.20 A. M. box 12 came in for a fire in the Newmarket Electric Light Co.'s office. A stream was quickly put on the fire, which was in the ceiling over the switch-board. The fire was soon extinguished. Damage by fire and water, \$341.50. Insurance on same, \$1,500. Insurance paid, \$341.50. The all-out alarm was sounded at 5.45 A. M.

June 2. At 10.20 A. M. an engineers' call came in, for a fire at Rockingham Junction, and on arriving at the fire it was found to be a hand-car house on fire and other buildings in danger. The firemen laid 1200 feet of hose and soon had it out. The damage was slight.

June 3. At 12.50 P. M. an engineers' call came in, for a brush fire at the town grove, caused by the steam cars. No damage.

July 4. At 11.35 A. M. box 21 came in, for a fire on the roof of the building occupied by N. Brisson as a meat and grocery store. Insurance on same, \$2,500. Damage to same, \$30.00. Insurance paid, \$30.00.

Nov. 28. At 9.30 P. M. a chimney fire was located in the house owned by James M. Caswell. Chief A. T. Stackpole was notified and with the assistance of a number of firemen procured the chemical extinguisher from station one and were on duty until the danger was past. Damage, \$35.00. Insurance paid, \$35.00.

Dec. 6. Still alarm at 11 P. M., for a chimney fire at A. L. Mellows' house. Chief A. T. Stackpole responded and remained until all danger was over. No damage.

Dec. 18. At 5.30 P. M. an engineers' alarm was given by the Chief Engineer for a brush fire near Shackford's crossing, which was caused by locomotive sparks. The fire department responded to the alarm, and put on a stream of water from the hydrant on Shackford's Hill. No damage.

Jan. 28, 1904. At 2.20 P. M. an engineers' alarm came in, for a fire in the house on the town farm, owned by the town of Newmarket and occupied by William Carpenter. When the firemen arrived it was too late to save anything. The house was burned to the ground. Loss, \$800.00. Insurance, \$600.00. Damage to contents, \$250.00. Insurance, \$250.00.

Jan. 29. At 3.50 P. M. box 7 came in, for a fire in a house owned by the Newmarket Manufacturing Co. in "Little Canada," and occupied by a French family. The fire caught from the kitchen stove. Damage, \$250.00. Insurance, \$250.00.

FIRE ALARM TELEGRAPH AND FIRE DEPARTMENT SIGNALS.

LOCATION OF BOXES.

- No. 5. Corner Chapel and Spring streets.
- No. 7. Granite Hose, Station 2, N. F. D.
- No. 12. Tiger Hose, Station 1, N. F. D.
- No. 21. Town Hall.

- No. 32. Corner Exeter and Mt. Pleasant streets.
- No. 34. Exeter street, near residence of F. H. Durgin.
- No. 41. Pumping station, Newmarket water works.
- No. 45. Corner Main street and Treadwell avenue.
- No. 49. Main street, near residence of H. W. Haines.
- No. 63. North Square, North Side.
- No. 65. Main street, North Side, near residence of Walter I. Ham.
- No. 82. Newmarket Manufacturing Co.

DIRECTIONS FOR RINGING IN AN ALARM.

When a fire breaks out the person discovering it should immediately run to the box *nearest the fire*, break the glass in the front of the small key box which is on the side of the fire alarm box, take out the key, which is attached to a chain, unlock the fire alarm box, open the door and pull down the hook *as far as it will go*, then let go the hook. Stand by box to direct the firemen. Don't pull in an alarm for a fire seen at a distance or out of reach of the hydrant system, but notify some member of the department, who will give the proper alarm.

FIRE DEPARTMENT SIGNALS.

Second alarm, 8 blows, for reserve apparatus and call firemen.

2 blows after fire alarm indicates fire all out.

2-2-2. Engineers' call; companies assemble at stations and await orders.

3-3. Hose 3 call. For chimney fires, etc.

4-4-4. Call to Newmarket Manufacturing Co.'s hose company for assistance.

U. S. Observatory standard time, by Western Union Telegraph, one blow at 12.30 P. M., daily.

Hook and Ladder Co. and Hose 3 will answer all box calls.

Hose 1 will answer boxes 12, 21, 32, 34, 45 and 49, with apparatus.

Hose 2 will answer boxes 5, 7, 21, 63, 65 and 82, with apparatus.

ORGANIZATION OF FIRE DEPARTMENT.

BOARD OF ENGINEERS.

Albert T. Stackpole, *Chief*. Carl F. Brackett, *Clerk*.

CARL F. BRACKETT,
Clerk, Board of Engineers.

PUBLIC LIBRARY.

REPORT OF TRUSTEES.

Owing to the prevalence of small pox, the library was closed for several weeks during the winter and spring months, and for this reason the annual patronage has not been equal to that of some former years, although more interest has been shown during the last half of the year than for any corresponding period in the past.

The comparatively large amount of money spent for catalogues did not leave enough to warrant the purchase of any new books.

There are plenty of catalogues on hand and those interested in the library should bear in mind that by purchasing them they are not only aiding themselves but increasing the revenue available for needed books and other additions.

The co-operation of patrons and friends in the selection of such new books as the funds may permit of purchasing from time to time, will be appreciated.

A. L. CHURCHILL,

Secretary.

TREASURER'S REPORT.

A. L. Churchill, *Treasurer*, in acct. with Town Library.*Dr.*

		<hr/> \$269 00
Balance on cash books (apparently due the library) at the decease of George L. Dearborn, late treasurer, unaccounted for by his estate,		\$51 44

SCHOOL TREASURER'S REPORT.

As the financial year of the school district does not close until the last of March it is impossible to give a complete Treasurer's report, as a number of bills yet remain unpaid. But for the information of those interested, and that our schools may receive sufficient financial support, by appropriations at the annual town meeting, a brief statement is made by the Treasurer, showing the receipts and expenditures up to March 1st. The balance now in the hands of the Treasurer will be needed to pay the teachers, janitor and other bills due at the end of the present term.

The regular school report, to be issued at the end of the school year, in August, will contain a full itemized financial statement.

FRANK H. PINKHAM, *Treasurer.*

REPORT OF TREASURER.

Dr. FRANK H. PINKHAM, *Treasurer,*

Balance, March 27, 1903,		\$ 116 31
Town Treasurer, school money re-		
quired by law,	\$3,192 00	
School money in addition to that
